Learning Style

Visual & Kinesthetic

Moderate

Learners with a preference for the combined Visual and Kinesthetic style grasp concepts more effectively through direct interaction with learning materials. They thrive on engaging physically with tasks and benefit from the use of visual aids.

50%

Examples :

- Engaging with interactive simulations and physical models.
- Using diagrams, flowcharts, and illustrative videos to understand complex concepts.
- Participating in workshops where they can physically manipulate relevant materials.

Aural

Moderate

Aural learners absorb information best when it is presented verbally. They excel in environments where listening and discussion are encouraged and are adept at remembering spoken instructions.

52%

Examples :

- Benefiting from lectures, group discussions, and verbal briefings.
- Using podcasts and audio recordings for learning new content.
- Participating in study groups or team meetings where ideas are discussed aloud.

Reading & Writing

Moderate

Read / Write learners prefer to interact with information through written words. They excel in traditional study methods involving reading and taking detailed notes

50%

Examples :

- Using textbooks, articles, and written handouts as primary study materials.
- Making comprehensive lists, writing out notes, and summarizing information
- Preferring email and text-based communication for clarity and record-keeping.
